

**BENTON COUNTY
DISASTER RECOVERY
COALITION**

PREPARE. RESPOND. RECOVER.

Steps to Storm Recovery

If you were impacted by the August 10th storm you do not need to go through recovery alone. Family Assistance help is available. All impacted families are eligible for the following programs. There are no income limits.

Step 1. Sign Up with FEMA at:

Phone: 800-621-3362 or

Online at www.DisasterAssistance.gov

If you are denied assistance because you have insurance, please follow through the denial appeal process when your insurance does not cover all losses. FEMA will help with loss insurance does not cover. Residents should apply if their home, furnishings, food, or clothing was damaged.

Step 2. Call HACAP at: 319-739-0056

Case Managers are available to help you through the recovery process and guide you to additional available resources.

Step 3. If Needs Still Exist, Call Benton County Disaster Recovery Coalition at: 319-241-5121

We are here to help families get back on their feet if needs still exist when all other help is gone. No income guidelines required to apply for assistance. We are local and we care.

The Benton County Disaster Recovery Coalition is a non-profit organization meeting the needs of Benton County residents affected by disaster. The Coalition organized after the 2008 flood to assist residents with unmet needs after all other sources of assistance have been exhausted. Coalition members are service agency members and volunteers from our local communities. We work directly with Benton County Emergency Management.
